GREECE WILL ACCEPT

The Conditions Insisted on by Germany.

RAINS PREVENT FIGHTING

The Sultan Expresses Sympathy for King George-Turks Still Pressing Forward.

ATHENS, May 10.—The conditions insisted on by Germany, the chief of which is that Greece shall give her formal consent to the principle of autonomy for Crete, will be accepted by the Greek government. The note of the powers has not yet been presented, but it has been drawn and is to the following effect:

Upon a formal declaration by Greece that she will recall her troops and agree to such autonomous regime for Crete as the powers in their wisdom shall deem best, and accept unreservedly the consequences of the powers, they will intervene in the interests of peace.

This note will probably be presented tomorrow after the German minister has received final instructions.

A dispatch from Damascus says that the heavy rain that prevents fighting has been received with resignation by the public. The Ottoman army is attacking the Greek army, asking it to render an account of its action.

The Greek army now occupies all the passes from Lattaquia, and the Ottoman army is in the rear of the Greek army, asking it to render an account of its action.

ATHENS, May 11.—A dispatch from the Greek Prince has appointed a committee of officers to meet the Sultan at Lattaquia, and the Sultan has accepted the proposal.

Quantities of arms, ammunition and a number of soldiers have been captured by the Turks at Lattaquia. The Sultan's army is now occupying all the passes from Lattaquia.

ATHENS, May 10.—The Turkish commander, all of his generals, and a number of officers of his rank have been decorated and many of the Turkish officers have been promoted.

The Turks have no doubt whatever as to the speedy capture of Lattaquia, although the place is fairly well defended. The Sultan's army is now occupying all the passes from Lattaquia.

TORTURED BY BURGLARS.

Three Women Relate Their Terrible Experience.

NEW PHILADELPHIA, O., May 10.—Mrs. Elizabeth Ballott and her two daughters, Elizabeth and Emmeline, who live on a farm near this place, had a terrible experience with masked burglars last night.

There were four of the robbers. They battered down the front door with a rail, Mrs. Ballott and Elizabeth, who slept together down stairs, were bound and when they refused to tell where their money was hidden, one of the robbers struck Elizabeth on the head with a club, injuring her severely. Then the robbers went up stairs. They asked Emmeline where the money was, she refused to tell and the robbers again battered down the door, burning her terribly. She then told them where the money was in a trunk in her room. The trunk was broken open, and when the robbers had secured about \$75 hidden in the trunk, they left the women in the room, bound until this morning when they gave the alarm. No trace of the robbers has been found.

DURRANT'S LAST PLEA.

His Attorneys Preparing to Meet Governor Budd.

SAN FRANCISCO, May 10.—Attorneys Eugene Dreyer and George A. Knight have begun the preparation of their plea for executive clemency on behalf of Theodore Durrant, which plea will be presented to Governor Budd next Friday. The procedure before the governor will be strictly in accordance with law. There will be no emotional or sensational appeals. The attorneys say they will be content to depend upon facts and the force of argument to save their client. It is not the intention of Mr. and Mrs. Durrant to accompany the attorneys to Sacramento, as it is understood that the governor would not see them should they present themselves. Durrant is a Canadian, but the governor will not favorably on his application.

Fire in Oakland.

OAKLAND, May 10.—The handsome residence occupied by Edwin Adams, capitalist, and George W. Baker, attorney, was destroyed by fire late this afternoon. It was the most serious fire Oakland has had for some months.

CROP PROSPECTS.

NORTHERLY WINDS DISASTROUS TO GRAIN.

The State Will Not Produce a Full Crop of Either Fruit, Berries, Grain or Hay.

SACRAMENTO, May 10.—The following crop summary is issued by the State Agricultural Society in co-operation with the climate and crop service of the United States weather bureau, J. A. Hawick, section director.

The average temperature for the week ending Monday, 10th, was as follows: Fresno 50 degrees, Fresno and Red Bluff 50, Los Angeles 52, Sacramento 51, San Francisco 58, San Luis Obispo 52 and San Diego 60.

As compared with the normal temperature, a slight excess of heat was recorded at Fresno, Red Bluff and Sacramento, while mild heat deficiencies were shown at Los Angeles and San Diego. Normal conditions prevailed at San Francisco.

There were no marked deficiencies reported from any of the principal growing crops of an inch to .43 of an inch.

The continued dry northerly winds, although cooler than usual for the time of year, have had marked disastrous effects upon the grain, berries and nut crops, and the hay crop, which was sown for grain will be cut for hay and some that was sown for hay will be cut for grain.

Fruit will be an exceedingly light crop on account of the excessive drying. The fruit crop of the year has also dropped badly during the week, while peaches are suffering from blight.

The cherry crop will not be a full one. In fact the crop correspondents will not be able to believe that there will be a full crop for the state, at least one of the fruits, berries, grain or hay. There are making an exceedingly satisfactory growth.

It is too late now for rain to do good, but it would soften the ground so that rain would result in much damage to the crops.

The annual temperature 95 at Lima, Peru; lowest 35 at Cedarville, Modoc county.

BAD NEWS FOR HANFORD.

Valley Road Will Not Reach There on Schedule Time.

SAN FRANCISCO, May 10.—The Valley road will not reach Hanford in time for the Knights of Pythias convention, which is to be held there one week from today. The Hanford committee said today that since it had been found impossible to complete the road to Hanford by the 17th no particular rush was to be made. However, cars are expected to be running into that town over the new road by May 30. The celebration of the road's event will be celebrated according to program, and next week Kings county will have a great feat.

Pugilist Held for Murder.

SAN JOSE, May 13.—Matt Smith, the prize fighter, was today held to answer to the charge of killing "Kid" Evans in a recent pugilistic encounter. He was released on \$50,000 bonds. The examination of his accessories was set for May 17th.

LOCAL BREVIETTES.

Nothing makes a man happier than to have a collar returned from the laundry with a splash of some kind where it will be most visible.

Why can't the state go and between the corn and chicken that once dwelt in harmony within the same lusk in tangles be restored?

The Fresno Canal and Irrigation Company brought suit in the superior court yesterday against Marcus Hart et al. to foreclose water right.

The annual inspection of company C and F. N. G. O. will take place on the 13th instant at 8:30 p.m. Major Frank R. Rice will conduct the inspection.

IT WON'T CO-OPERATE.

Attitude of the S. P. Towards Its Competitor.

REFUSES SWITCH CONNECTIONS

Valley Road Not Able to Make Shipments to the East.

The Valley road will not be able to make shipments from points on its line in this valley to the East until it effects transcontinental connections. The result will be that as long as these advantages are not obtained Fresno will have to send its large amount of freight during the fruit and raisin season over the Southern Pacific.

This company, which is for all the traffic will bear, has refused to give its competitor any privileges over its line, and thereby prevents for the present the Valley road from getting its way to the East.

The Southern Pacific people look upon the proposition in a strictly business light; they say that it would be folly for them to surrender any advantage they have to a new railroad.

Of course everyone is hoping that the Valley road will connect with the Atlantic and Pacific to the East, but it is not likely that the arrangements can be made and the connecting link between the two roads will be a long one.

The Valley road people have asked the Southern Pacific to carry their freight to the East, but the latter would not do so on its lines, as they would in turn do for the Valley road, and offered to build the connecting switches at their expense. But their proposition was not accepted.

A DISBANDED BAND.

Fresno May Soon be Left Without Professional Musicians.

With the resignation of N. P. Josty as manager of the Fresno band, the dissolution of that organization was practically consummated. The lack of support given the members was the only cause of their disbanding, and the probability is that the city will soon be left entirely without professional talent.

William Boland, the baritone player, and Theo. Reitz, the violinist, are both thinking of leaving Fresno for better fields. Professor M. M. Meyer would come here to play in a San Francisco place of entertainment.

In conversation with a REPUBLICAN reporter yesterday Mr. Boland stated that it had been suggested to him that he be organized the bandists there are now not enough musicians in the city to make up one, and furthermore there is not enough support for one.

There has been some talk of having the concert given in the court house, which would be a very popular a few years ago. The money would have to be raised by subscription, and it seems likely that if some of the leading citizens would take the matter in hand a sufficient amount could be secured. In such an event no difficulty would be experienced in bringing musicians here under a guarantee of \$10 a week.

PROTRACTED MEETINGS.

Being Held at the M. E. Church.

Several conversions already. A series of protracted meetings was inaugurated in the M. E. Church last Sunday under the leadership of Evangelist Hugh Smith of Los Angeles. Meetings will be held at 8 and 7:30 o'clock p.m. every day this week except Saturday.

The church was crowded on Sunday, morning and evening, and the attendance has been good at every meeting. Five persons professed conversion on Sunday and several last evening.

Mr. Smith had service here about a year and a half ago, and was very warmly received upon his return. He is a bright, quick, vigorous speaker, of the East to points along the new road, but not to any considerable extent.

The Valley road people have asked the Southern Pacific to carry their freight to the East, but the latter would not do so on its lines, as they would in turn do for the Valley road, and offered to build the connecting switches at their expense. But their proposition was not accepted.

FOR TWENTY YEARS

Long Stay for Joe Middleton at Folsom.

SENTENCED BY JUDGE RISLEY

The Court Believed the Outlaw to Be a Very Bad Man.

Judge Risley was convinced that Joe Middleton was "a bad man, thoroughly reckless and hardened criminal," and that society might be protected from him the court sentenced the outlaw to serve twenty years' imprisonment at Folsom yesterday.

Middleton was convicted by a jury last week on a charge of robbery, which he committed in holding up some Portuguese campers near Wildflower one night about a year ago. With four others Middleton had that night set out to steal a band of cattle, but failing in this robbed the Portuguese in order to have something to show for the expedition.

The convict had a wild career for many years, being one of the leaders of the large gang of thieves which terrorized Tulare and Kings counties for long time. Middleton's connection with the late John Chris Evans, John Sontag and Ed Morrell was published in the Republican at the time of his conviction.

Grat Johnson, Chris Evans, John Sontag and Ed Morrell was published in the Republican at the time of his conviction.

The heavy sentence of twenty years was unquestionably well deserved.

Attorney W. D. Tupper made a motion for a new trial before judgment was passed yesterday forenoon. He argued that the court had erred in several instances in allowing and rejecting evidence, but Judge Risley denied the motion.

AN ARTISTIC SUCCESS

FINE PRODUCTION OF "DAVID GARRICK."

Some Excellent Acting by Amateur—Bren Elmhurst Makes a Hit.

The Barton opera house was well filled last night with an appreciative audience, attracted thither by the production of "David Garrick," given for the benefit of the Kappa Chapter, O. E. S., under the direction of Walter Hodges. With the exception of Mr. Hodges, the players were all amateurs, and considering the very limited time that Mr. Hodges had to drill the company it must be said that a very creditable performance indeed was given. There were times when the action of the play was a little slow, but that could not be avoided with players who were mostly new to the stage.

As a whole, for an amateur production, the comedy was well played and many of the parts were handled in a better manner than most people expected they would be. In addition to being a very clever performer Mr. Hodges proved that he is a competent stage manager and director as well. But little if any fault could be found with the manner in which he interpreted the role of David Garrick.

Page Spencer gave a fairly good account of himself as Simon, the countess. Bren Elmhurst, as Richard Grey, the equine, quite astonished his friends by his clever acting. We were confirmed to misreading, as the scene was a pretty clever in other fields. George Cogswell, as Alberto Smith, the merchant, who wore a flaming red tie and his pants almost at half-mast, and who objected to being called a Snylock and a "Merchant of Venice" and such names, was very well done by W. W. Parsons, and Led Winchell as sleepy Mr. Brown had little else to do but sit around and giggle.

Miss George Long came down from the stage for very short notice to fill the part of Ada Long, which was to have been done by Miss Florence Kelly, who was unfortunately, because she was ill to appear. Miss Long made a good impression as the love sick maiden, but she was at a disadvantage of course on account of assuming the part on such short notice.

From all appearance the ladies of Kappa Chapter have been repaid for their trouble. They deserved success in a financial as well as in an artistic way.

There were many people at Athletic park Sunday to see the Revue-Catholique ball game, and they saw one of the prettiest and cleanest games played here this season. The visiting team made a better appearance than any that has been here thus far. They were prompt and good ball players, and there was a pleasing absence of wrangling and bad language.

Before the game began, Robert Harton attempted to lower the half-mile bicycle record, but owing to the breaking of a chain on the triplet which was passing, the trial was postponed until after the game.

The game was called at 2:30 by Charley Burleigh, who, assisted by Cal Meek, umpired the game. The visitors, who were from Los Angeles, took to the bat and got to hit, while the home team, the Revue-Catholique, took to the bat and got to hit.

Something to Depend On. Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with the peculiar cold and cough which could do nothing for her. It seemed to develop into a fatal consumption. Having Dr. King's New Discovery in store, and seeing that it was a reliable remedy, he bought a bottle and gave it to her. It acted so quickly that she was cured in a few days. It is a perfect cure for all such ailments. Price 60 cents and 100 cents bottles. Sold by all druggists.
